Members discuss the purpose of Barton Laws which is a community building accessible to all including football teams who pay a seasonal fee to use both the pitches and the building.

The members were reminded that the Town Council received grants and loans for the Barton Laws rebuild.

The annual football fees were reviewed with the following fees agreed:

Adult teams using Barton Laws building	£525
Under 16s teams at Wigton Park	£135
Under 10s teams at Wigton Park	£65.00

Mini players	£65.00

The need for snacks and drinks at Barton Laws was also discussed and it was agreed that putting vending machines in would be useful to the users. The office will research options.

The clerk gave an update regarding sanitary bins and explained all toilets now have sanitary bins within.

It was AGREED that we would call Stephen Glendinning to enquire about getting WIFI into the building, the clerk will report back at the next meeting.

Further uses of Barton Laws were discussed, it was agreed that a further meeting/working group was required to ensure the building is being used effectively. It was suggested that notice boards were installed within the main room to advertise and a notice board outside would be useful.

Members discussed different uses which included:
 Citizen's advice
 Sports classes

The inside needs some work including purchasing tables and chairs that match the new building.

Perhaps historic photos of Wigton could be placed on the walls as they are bare.

Moving forward there needs to be a maintenance plan for the building.

Members requested financial details of energy costs and running costs for the next meeting.

A slush fund is also needed to take into account unforeseen expenses.

It was suggested that further grants could be applied for to continually improve the facilities.
